ABOUT BHARAT FLOORINGS AND TILES

A place where new design meets traditional cement tiles.

The Bharat Floorings and Tiles, an ISO 9001:2015 Certified legacy brand is the leader in artisanal cement floorings in India since 1922. For a hundred years BFT's wide range of patterned and terrazzo tiles and elegant marble has graced iconic spaces and ruled the hearts of the who's who of Indian Society. Architectural marvels such as the Umaid Bhavan Palace to modern day celebrity homes demonstrate the foreverness of the brand.

Today, in a world that prizes mechanically produced floorings, the company still continues to skillfully blend craftsmanship with industrial scale to bring together unique flooring solutions that are long-lasting and beautiful. Our products are custom designed to create stunning floors and walls to suit eclectic tastes. Our patterned encaustic tiles have been much acclaimed by architects, and interior designers, and have received awards from UNESCO. We help designers to envision their dream floor and convert it into reality. The timeless elegance and durability of these tiles make them works of art. At BFT, we do all India projects and also export tiles to the USA, England, Sri Lanka, Mauritius, Dubai, etc.

THE BFT PROCESS

A CENTURY YEAR OLD
TIMELESS TECHNIQUE.

1 BLENDING

The pigment composition is a mixture of high quality white Portland cement, marble powder and natural mineral colour pigments. The ingredients are blended together carefully over a period of 3-4 hours to produce the final colours.

2 MOULDING

The colours are filled with hand into a metal mold. The metal mold, containing the desired pattern is handmade from specific design drawings. Handmade cement tiles are unique and are expected to have slight imperfections, which give them character and depth.

3 COMPRESSING

A cork in the form of a strong metal plate is applied at the top of the mold and the tile is pressed using a mechanical hydraulic press. The pressure applied is up to 1-ton per square inch, which produces a compact tile.

4 HARDENING

After pressing, the tiles are removed from the mold and placed on a rack until they harden enough to be moved into a tank of water.

5 HYDROLYSIS

The tiles are cured in water for several days, and not touched, during which they undergo a hydrolysis process and harden into strong concrete.

6 DRYING

They are then removed from the tank, and allowed to further cure in the air, until they are fully ready to be shipped to the customer.

The collection comprises a kit of parts – 4 basic tile units that can be composed in infinite ways to create a huge variety of textures and patterns, from simple to complex. Each tile unit can be used individually in a repeat pattern, or in any combination with one or all of the other tile designs. The outcome – an even textured tonality, or eclectic compositions that are bespoke and one of a kind. From graphic bold black and white, to nuanced tones of dusty pinks, purples and greys, to Mediterranean hues of aquas and ochres, the collection lends itself to being interpreted in a wide palette of colours and moods – perfect for floor applications, to accent walls; a funky, statement powder room to a sprawling tropical verandah.

MINIMAL HUES

WINNER TILES - HERITAGE COLLECTION

Size of each tile:
20 cm x 20 cm

- Dark Blue
- Grey
- Silver Grey
- Light Silver Grey

The Minimal Hues pattern features intersecting and overlapping geometrical shapes, offering a playful and easy-to-use design concept. The minimalist approach adds a fun element, allowing for creative pattern combinations. Each tile's pattern is interconnected, enabling rotation for mix-and-match possibilities with surrounding tiles. The endpoints of the shapes always align with those in neighbouring tiles, creating a dynamic pattern that encourages users to experiment with shapes and designs. The colour palette of this range is inspired by the designer's artwork, showcasing a playful mix of colours and overlapping washes. The colours are reminiscent of the intersections found in various art mediums, adding depth and vibrancy to the tiles making it perfect for any space.

Kolam is a form of drawing that is made using rice flour or chalk powder along with naturally/synthetically coloured powders. The patterns include geometrical lines and curved loops, drawn around a grid pattern of dots. Kolam is a representation of celebration and thought to bring prosperity to homes in Tamil Nadu. Drawing inspiration from the symmetry and precision in these patterns, the KOLAM range is traditional and combines the many facets and forms depicted in these drawings.

A CENTURY OF MAKING ARTISANAL TILES

With a reputation dating back for 100 years, Bharat Floorings & Tiles is considered a leader in custom-made cement floorings. Customers have trusted the brand's superior quality and welcomed the company into their daily lives, creating invaluable memories for generations of office and homeowners. Our commitment to handmade has created bespoke and unique products that can serve as cherished family heirlooms for years to come. Our cement tiles are made by hand, one at a time, using mineral pigments. After the tile is casted by the artisan, it is cured in water for a period of time, and then air dried before being shipped.
